You've divided your class into small groups to complete a month-long project. You gave your students specific instructions on how to complete the project, but they are frequently emailing you with questions about due dates and project requirements. Unfortunately, you don't have time to answer all of your emails right away. How can you support your students by providing them with a way to get questions answered quickly, even outside of school hours? 23631467

- ☐ Mark their emails with a star.
- ☒ Create a student group in Chat so that students can help other students even when they are not in the classroom.
- ☐ Put some students in a study group and have them share phone numbers.
- ☒ Have each student create a site in Google Sites.

Câu trả lời chính xác là "Create a student group in Chat so that students can help other students even when they are not in the classroom.".
